Preface

What still disturbs everybody's life in Kumba is the Angelophone crisis. The Angelophone crisis is still going on what gives the team in Cameroon many challenges. Community visits could not always be carried out in certain areas because of insecurity. Every Monday it is ghost town in the Anglophone zones in Cameroon. That means that no movement is allowed. And the last challenge is that the prizes have increase a lot. Despite the Angelophone crisis, the year was full of projects and help to many children.

The foundation is really known in Kumba and the direct villages around. More and more people know where to find the office to seek for help. The foundation is still organized in a basically simple way in order to be able to give direct support to the local population in groups as well as individually. We help children at the time and place of direct needs. In this way we can build a relationship with the child and the family. This in order to make sure quality of care and support we offer is optimal. After support has been given we stay in direct contact with the child to ensure that our goals will be accomplished. Also the prison and orphanages projects are direct and personal.

With our team in Cameroon we accomplish a lot of goals and carry out a lot of projects and help. However, it is impossible to fulfill all the projects without the help we get from volunteers and contributors from the Netherlands. Besides of the individuals, there have also been companies that put effort in the foundation and can be relied on in the future. Of course this does not happen by itself, the foundation put a lot of effort in finding publicity. We made the newspapers several times and events were organized. The team in the Netherlands, led by Liesbeth van Elderen, managed fundraising by organizing flea markets, fairs, presentations, clothing parties, and so on. Also in Best and the direct villages the foundation is really known. People often come bring clothes and toys for the children in Cameroon. We mostly send it to Cameroon but since it is so much we also sell them. Everything we earn from that goes directly to the foundation.

Since 2016 the situation in Cameroon is dangerous because of strikes and killing going on. Some areas in the South West of Cameroon is so dangerous that even the foundation can't go there anymore. Because of this reason, the president of the foundation, Kim van Elderen, has not been visiting Cameroon since 2016. The team in Cameroon has been constantly in contact with the president so that she is involved in all the projects going on.

In this annual report we want to give an overview of what the foundation did during this year on the side of projects, fund raising and of course the finances in detail. Apart from that we will take a short preview to 2023. Needs For Children is an open foundation and that is the reason why all finances are explained in detail.

Needs For Children

The foundation was started on 17 October 2011 in Best. The idea originates from Kim van Elderen. Since 2009 she has been traveling regularly to Cameroon to work on a voluntary basis as a nurse in the Ejed Medical Foundation, Kumba-Cameroon. Her experiences have shown her that the children in and around Kumba need a lot of help. Before she started her foundation, she provided aid to children with financial help, by donating material to an orphanage and by improving the facilities of the Ejed Medical Foundation. It was not easy to do this all as an individual, so Kim started her foundation to be able to help the children even more and to give them better opportunities in life.

KvK-number: 53767853, this registration is under the administration of "*Kamer van Koophandel Brabant*"

Purpose of the foundation

* To improve the quality of life of children in Cameroon *

On purpose the aim is set a little bit in a general way because the foundation wants to offer help in several areas as health care, education and primary needs.

Collaborating organizations in Cameroon

- 1) Ejed Medical Foundation. The hospital is now led by Medical Officer Nzume Michael. We have been in collaboration with them from the beginning. In the Ejed Medical Foundation we treat our sick children and are our new babies born.
- 2) Kumba District General Hospital. The Government hospital in Kumba. They call when they need help for sick children who were left by their selves. In collaboration with them we look how we can help and also the hospital helps a percentage of 50%.
- 3) Kumba Central Prison. The prison in Kumba works closely together with the Foundation. Together we ensure quality of care in prison for minor prisoners. Where the Government offers no help, we will do so.
- 4) Ministry of Social Affairs. They are our back up. They are kept informed of the projects we do and they see where they can help. And the other way around.
- 5) DGRE. They protect the Foundation where necessary. They also take care that reports about the work of the NGO are written down and send to the Government in Yaoundé. This to keep them inform about Needs For Children.

Fundraising

During the last year the Needs for Children Team in the Netherlands has been playing an active role in fund raising. Besides of appealing to individuals and companies for sponsoring, the team has actively tried to sell clothes and shoes. No more in the shop since the space was no more available.

Needs For Children is very grateful for all their volunteers and people who help the organization in any way they do. We thank them all for their huge effort.

The foundation put a lot of effort in raising as much money as possible. However, we can be very proud of all the companies which have supported us this year, financial as well as with materials:

Projects

Next a short description of the several projects with illustration and costs overview.

1) **Medical help to children**

The foundation helps children who need medical support or need a medical tool to improve quality of life. Besides of that the foundation has become a place for other organizations to search for help in case they lack the resources for helping a child. We study a child's situation with the whole team to make a support plan. Below the children we offered support with a short description.

Agwo Christian

This 5 year old little boy came with his mother to the office to seek for help. He had an umbilical hernia. The NGO consulted him. He was admitted and operated upon at Ejed Clinic on the 26th of April 2022. By the time he was leaving he was fine.

115 000 cfa = € 175,57

Arrey Wisdom

We know Wisdom for a very long time now. He is a sickle cell patient. We used to help him from time to time. This time around, he was rushed to the Emergency Unit. From here he was sent to the lab and it was diagnosed that he was dehydrated, anemic with 4.1 % of blood. He was admitted and received blood transfusion and was treated for malaria. Few days later, he was transferred to surgical ward where his leg was operated upon. He had inner wound on his right leg that was always painning him. But the time he left the hospital, he was fine.

114 625 cfa = € 175

Bb Cyril

The mother of Bb Cyril has 4 children and lost the husband through this Anglophone crisis when she was just 1 month old in her pregnancy. When she put to birth, she didn't want to see the baby because she had nothing and the baby was put into the incubator. She was counseled and when the President accepted to help her, she accepted her baby. Her area of help was the baby's basic needs and medications.

52 000 cfa = € 79,39

Che Abigail Lum

Abigail is one of our Individual Children we have been helping for the past years. We supply her foodstuffs on monthly basis. She was not walking, talking and seeing, but thanks to the NFC for today Abigail can speak, walk and perceive smell. This year she had 11 visits instead of 12 because we merged her November to her December Budget so as to purchase her extra things for the end year. For the last 4 months, Abigail's visit was no longer carried at her residence but she come to the office to collect because she had change her residence to the interior of Kosala. We couldn't continue the visit there because of the crisis. The year started well but didn't end well as the mother insulted us at the office when she came to collect her food stuffs in December.

282 000 cfa = € 430,53

Eni Larry

Larry was about 6 years old when he came to the office to seek for help. He had knocking knees and could not walk well. The NGO took him to PCRS for POP manipulations and he was later given calipers. Today he is walking well thanks to NFC.

231 500 cfa = € 353,44

Itoe Saviour

3 month old Saviour was brought into the office by his 25 year old aunty. His mother died a few hours after his birth. They aunty is taking care now but has difficulties in providing milk since she had to drop out from school and has no income. We supplied him 4 tins of Guigoz 1 milk only. Unfortunately he was sent to the village where we couldn't continue our help.

17 000 cfa = € 25,95

Lumiere Grace

Grace is 2,5 years and she is the daughter of the secretary of the foundation. Her results showed that she had Malaria, low hemoglobin and her CRP was above the normal value. Offcourse we helped her and Grace recovered fully.

33 750 cfa = € 51,53

Noah Henry

Henry is one of our Individual children we have been helping for the past years. Like Abigail, he has been receiving foodstuffs on a monthly basis. This year he had 11 visits, because his November budget was merged with December to provide him much food stuffs at the end of the year. His visit was done at the office level that is; he comes with the mother to collect the foodstuffs. It was done so because the team met face to face with those boys at their area and they were advised not to step foot there again for fear of Kidnapping

305 000 cfa = € 465,65

Rhema Martins

Rhema is the daughter of our community worker. She has been complaining of difficulties in seeing. So she was checked by an ophthalmologist in the Ejed Clinic and new glasses were given.

40 000 cfa = € 61,67

Ron Miracle

The mother delivered Ron in 2019 in our maternity ward as one of our first young mothers. Ron is now 3 years and he came with his mother in the office to greet. Also for them the situation has become difficult as things are getting more and more expensive due to the crisis. That's why the NGO decided to show their appreciation of their visit with clothes and foodstuff.

23 000 cfa = € 35,11

Triplets (Meshack, Shadrack and Abenego)

These triplets' boys were delivered at the Kumba Regional Hospital Annex and we were called for help. Their area of help was in feeding and the NGO was supplying them milk every two weeks for 6 months. They had a total of 12 visits for the time of supply. They got 127 containers of guigoz 1 milk in this period. Their first visit was March 2022 and the last visit was September 2022.

495 000 cfa = € 755,73

Triplets girls (Clarice, Rosy and Eveline)

We were called by the Kumba Regional Hospital Annex to this case. One of the triplets was delivered at home and the 2 others in the hospital. Here the NGO gave her babies basic needs and are supplying them with 12 containers of milk every 2 weeks. For now they have consumed 48 containers of milk for 4 visits (2 months). The help will continue in 2023.

323 500 cfa = € 493,89

R.I.P

Travis Offu

We met Travis Offu during one of our visit at the Kumba Regional hospital Annex. His heart was around his navel. He was born with this malfunction and he live with it for 15 years. The NGO was ready to go further with his treatment but unfortunately, he died. During the removal of corpse, NFC gave the family financial help to ease his burial.

92 650 cfa = € 141,45

Meloko Julie

Julie was 21 years when Clara met her at the Kumba Regional Hospital Kumba. She had enlarged pancreas and was later on suspected to have cancer. She was referred to Buea, but died on the way. The NGO assisted with some medications and gave her transport to go to Buea.

44 275 cfa = € 67,60

2) Prison

At least once a month the team of Needs For Children visits the young inmates between 0 and 21 years old in the prison. In order to make them know that we are there for them and that there is a group who put their effort to help them. Every month we give them education about a subject that the children and young adults want to know more about. We also bring them things they need, like soap, slippers, medication, towels etc. Beside that we motivate them to make hand crafts and to sell them. We teach them new creative hand crafts. This year we had 11 visits instead of 12 because the NFC team had one month leave. Topics of this year:

- January: collection of proposed annual program
- February: teachings on agriculture
- March: causes and prevention of Malaria
- April: importance of obedience
- May: how to pass common entrance and first school leaving certificate
- June: tooth brushing
- July: educative talk on hygiene and sanitation
- August: educative talk on juvenile delinquency
- September: how their environment can change them either positively or negatively
- October: skin disease
- November: check the number of minor inmates for the end of year visit.
- December: end of year visit

455 000 cfa = € 694,66

3) Orphanages

As it is our routine, the children of various Orphanages in Kumba were not forgotten. As it is a tradition, the office did not abandon the orphans at various orphanages in Kumba. Mahdi, Azi and Frathekk were visited at their various places with rice, oil, groundnuts, soy beans and medicated soap each. But the crisis prevented us to visit Clephic for fear of kidnapping. They had to come to the office to collect their own parcel.

537 000 cfa = € 819,85

4) Day of the African Child

This was celebrated at the pediatric ward of the Kumba Regional Hospital Annex under the theme “eliminating harmful practices affecting children”. After elaborating of the theme, the children received their parcel containing: bowl, rice, garri, sweet, soy beans, juice, biscuits, groundnuts and sugar.

137 000 cfa = € 209,16

5) Teenage Pregnant Girls project

It's a project to help teenage girls who are pregnant and cannot take care of their antenatal till delivery. In this project, we are in partnership with Ejed Medical Foundation Kumba where they take care of the pre-drugs and we take care of lab tests, delivery fees, post drugs and the baby first needs. Since mid-2019 that this project began, we are happy to say that we receive more cases every year. We also have a steady midwife working in the maternity who is employed by the NGO.

Tezeh Priscillia

1. Expected projects

* Medical support to children:

Focuss more on providing medical support to individual children. With the crisis going on, many children have run together with their family their villages because of the danger. So it is difficult to trace them. When they get sick they often don't have the resources to go to a hospital. We want to help those children. However we will draw a clear limit to how far we help. It is expected that the family will also contribute a percentage. In order to have more chance of success.

* Prison project:

Visit the prison every month to offer them lectures and help. Beside that we want to help the minor inmates whenever they are sick and need treatment outside of the prison.

* Orphanages:

Keep on supporting the orphanages in and around Kumba, in every possible way.

* Day of the African Child:

Since the crisis it is hard to gather all the children we used to help in the past. We don't want to bring the children in danger. Because travelling on the roads can be very dangerous. That's why we will celebrate this day with the babies and children who are admitted in the hospital.

* Maternity:

Teenage Pregnant Girls Program:

a. 2020 we started off good. In collaboration with Ejed Clinic we will follow up the girls during their whole pregnancy with lab tests, checkups and echography. We will also do the delivery and take care of all the costs. The girls will be send home with full equipment for the baby. We have to keep up this work in 2023 and attract more girls so they can deliver safely.

b. Lectures to girls by the midwife:

We want to use the experience of our steady midwife to lecture girls to prevent pregnancy but also to guide them through their pregnancy.

* Apart from these projects the Needs for Children foundation also offers materials to children who need it. This can vary from clothes to toys, and so on. For this reason we try to send the materials we receive from people from the Netherlands as much as possible to Cameroon so the foundation can distribute it.

There are much more possible projects next the mentioned ones but we try to look at the specific needs at every moment. Needs for Children is synonymous for small scale projects!

2. Budget planning

Project	Budget	Explanation fixed costs + extra	Covered budget
Medical Help	€ 5 000,- = 3 275 000 cfa	Not planned upfront	Private donations for specific child. Donations.
Prison	€ 750,- = 491 000 cfa	Monthly project: 12 x 30 000 = 360 000 cfa Extra: 131 000 cfa	Donations.

Epilogue

On behalf of the whole team thank you for your interest in Needs For Children Foundation. We are a small Foundation through which we can provide immediate help and we can continue to follow up. We find it important that we are an open Foundation and where money goes 100% to the projects. Hopefully this annual report has given you a good image on how we work. For more detailed information on the projects, children or financial situation, send an email to needsforchildren@hotmail.com
